

PS Subscription - FSP - Catalog - Standard

Grouping	Flex Item Number	Task	Description	Difficulty (1-3)	FSPs
Cloud	EMEA-01	Open-ID	Configure Open-ID	1	80
Cloud	EMEA-02	Open-ID	Configure Open-ID	2	240
Frontend	EMEA-03	Design navigation pages/dashboard/report/mobile		1	200
Frontend	EMEA-04	Design navigation pages/dashboard/report/mobile		2	400
Frontend	EMEA-05	Design navigation pages/dashboard/report/mobile		3	600
Frontend	EMEA-06	Apply design to dashboards	1 dashboard/analysis	1	40
Frontend	EMEA-07	Apply design to dashboards	1 dashboard/analysis	2	80
Frontend	EMEA-08	Apply design to dashboards	1 dashboard/analysis	3	120
Frontend	EMEA-09	New dashboard/analysis/report	1 dashboard/analysis/report		AdHoc
Frontend	EMEA-10	Upgrade Classic Reports to New Report	1 classic report	1	20
Frontend	EMEA-11	Upgrade Classic Reports to New Report	1 classic report	2	40
Frontend	EMEA-12	Upgrade Classic Reports to New Report	1 classic report	3	80
Maintainance	EMEA-13	Troubleshoot Failed Update on SQL	If Datawarehouse or cubes are on MS Stack	1	80
Maintainance	EMEA-14	Troubleshoot Failed Update on SQL	If Datawarehouse or cubes are on MS Stack	2	160
Maintainance	EMEA-15	Troubleshoot Failed Update on SQL	If Datawarehouse or cubes are on MS Stack	3	320
Maintainance	EMEA-16	Troubleshoot Failed Update on InMemory		1	40
Maintainance	EMEA-17	Troubleshoot Failed Update on InMemory		2	80
Maintainance	EMEA-18	Troubleshoot Failed Update on InMemory		3	160
Management	EMEA-19	Setup Roles and Rights	Apply roles to new cube	1	40
Management	EMEA-20	Setup Roles and Rights	Apply roles to new cube	2	80
Management	EMEA-21	Setup Roles and Rights	Apply roles to new cube	3	160
Management	EMEA-22	Setup Roles and Rights	Apply to all cubes	1	160
Management	EMEA-23	Setup Roles and Rights	Apply to all cubes	2	320
Management	EMEA-24	Setup Roles and Rights	Apply to all cubes	3	640
Migration	EMEA-25	Migrate SSAS->InMemory (SSIS & SSAS)			AdHoc
Migration	EMEA-26	Onprem to Cloud	Moving onprem Inmemory to TARGIT Cloud (requires cloud license; similar Tar	1	320
Migration	EMEA-27	Onprem to Cloud	Moving onprem Inmemory to TARGIT Cloud (requires cloud license; similar Tar	2	640
Development	EMEA-28	Add new API Datasource	Easy integration (Rest API with supported authentication)	1	800
Development	EMEA-29	Add new API Datasource	Easy integration (Rest API with supported authentication)	2	1200
Development	EMEA-30	Add new API Datasource	Difficult integration with rotating token ect.	3	2400
Development	EMEA-31	Add new attribute to existing dimension	InMemory and SQL	1	40
Development	EMEA-32	Add new dimension to existing cube	InMemory and SQL	1	160
Development	EMEA-33	Add new dimension to existing cube	InMemory and SQL with advanced relationships	2	320
Development	EMEA-34	Add new measure to existing cube	InMemory and SQL	1	40
Development	EMEA-35	Add new measure to existing cube	InMemory and SQL	2	80
Development	EMEA-36	Add new measure to existing cube	InMemory and SQL	3	AdHoc
Development	EMEA-37	Add new cube			AdHoc
Development	EMEA-38	Add new currency into existing Cubes			AdHoc
Optimization	EMEA-39	Set up incremental load	Inmemory	1	320
Optimization	EMEA-40	Set up incremental load	Inmemory	2	480
Optimization	EMEA-41	Set up incremental load	SQL	1	480
Optimization	EMEA-42	Set up incremental load	SQL	2	640
Optimization	EMEA-43	Optimize runtime of SSIS loads	SQL: Indexing, modelling rearrange code	3	640
Optimization	EMEA-44	Cleanup backend solution	Remove unused dimensions and measures (requires Insights module)	2	320
Optimization	EMEA-45	Optimize dashboards/reports	Frontend changes only	1	80
Optimization	EMEA-46	Optimize dashboards/reports	Remodelling, ETL and new logic might be needed	2	320
Upgrade	EMEA-47	Upgrade TARGIT Build (On Prem) -> TARGIT 2019			160
Budgeting	EMEA-48	Integration of Budgetfiles into Targit Cubes			AdHoc
BI Consultancy	EMEA-49	1/2 day remote			160
Development	EMEA-50	Sessions up to 2 hours			80
Traveling	EMEA-51	Travel supplement			AdHoc
